LOCAL BREVITIES.

Dull times.
Weather unsettled.
Crop prospects still first-class.
Dr. J. H. Combs, Dentist, N. Side Plaza.
See card of Chas. Sims, architect and builder.
They are proposing to build a high school at Staples' store.
Commissioner's Court is in session, proceedings in the court.
In spite of the fine crop prospects there are yet some croakers.
The Kyle Seminary closed its session for this season on the 9th inst.
The special services at the Methodist church are still in progress and exciting considerable interest.
Dr. J. W. Combs, Dentist, N. Side Plaza.
There was quite a rain and hail storm on Monday night. The hail did some damage to field and garden crops.
Capt. Prince, of the lunch stand has a young horned owl, and will be ready to give the railroad boys a "tar-r-r-ree" dinner by the 4th of July.
The large advertisement of Mr. Chas. Hutchings has disappeared from our columns, but will be followed by other similar ones from our enterprising friend from time to time. He fully recognizes the value of judicious advertising.
San Marcos Public School—Award of Prizes.
The first prizes have been awarded to Miss Nettie Dailey and Herman Meiners. Second prizes are awarded to Miss May Belle Souther, Mamie Fromme, Hattie Fortson and Ida DeSteiger.

Fast Boys.
Four young boys, the oldest about 14, belonging to good families of this place, ran away last week, and got as far as San Antonio where they were overtaken and returned. Probably the result of reading five cent novels.
A Mexican woman while shopping here last Saturday mislaid her hand-bag—a flour sack—which contained wealth to the amount of \$60.75. She did not tell her husband of her loss till Monday night. He didn't wait for daylight but started immediately for town, making over fifteen miles by dawn and recovered the money. The woman had left it in J. V. Hutchins store.
"Blundering as Usual."
Under the above caption the Kyle Star puts in a general denial of a paragraph in our last concerning the status of the incorporation there. We beg to inform our amiable but rather impulsive contemporary, that our authority was the late Marshal of Kyle, who was re-elected to the office but declined because of inadequate compensation. We thought it likely he knew whereof he spoke. We suspect our esteemed contemporary evolved the phrase "blundering as usual" from its own inner consciousness; at any rate it happily describes its normal condition.
We need scarcely add that we have not the slightest disposition to do injustice to Kyle. We do not see how she could dispense with her waterworks, however great the cost. They are obviously a vital necessity to her.

Rev. W. H. Milburn.
The event of last week was the presence at this place of the above named his toric character, popularly known as "The Blind Man Eloquent." In spite of the early loss of the right eye and partially of the other, he was enabled to prepare for and enter the Methodist ministry at the age of 20. As such he has traveled over 200,000 miles in the discharge of his duties; was twice Chaplain of the National House of Representatives, traveled abroad, etc. He is now a well preserved old gentleman of 65, of fine presence and evidencing still his wonderful oratorical gifts. He lectured twice here; the first on "What a Blind man saw in England," we failed to hear. The other on the matchless orator, Sargent S. Prentiss, and his times in Mississippi, we heard, and do not remember to have heard a better. We can not now stop to characterize it. We felt humiliated that there were so few of our people present to hear it.
On Sunday morning Mr. Milburn preached at the Methodist church the best sermon we remember to have heard in San Marcos. It was not in the melo-dramatic style of Wirt's Blind Preacher, but the preacher and his sermon filled our ideal of apostolic times, with the lights of modern science superadded. We were freshly reminded of the lines of Cowper:
"Would I describe a preacher, such as Paul, Were he on earth, would he, approve, and own— Paul should himself direct me. I would trace His master strokes, and draw from his design, I would express him simple, grave, sincere; In doctrine concise, in language plain, And plain in manner; decent, solemn, chaste, And natural in gesture; much impressed Himself, as conscious of his awful charge, And anxious mainly, that the flock he feeds May feel its loss."

Our Chautauque.
We clip the following from the Austin Statesman of Tuesday. We presume it is "official":
The original Chautauque enterprise of Texas, will open its fifth annual session at San Marcos, Texas, on June 10th, and continue to August 1st, 1889.
Rev. H. M. DuBois, of Los Angeles, Cal. superintendent of instruction, will conduct the Sunday school normal.
Rev. J. E. H. Galbraith, San Marcos, will be in charge of the C. L. S. department. Prof. G. H. Rowe, of Baylor Female college, of Belton Texas, will conduct the musical normal institute.
Professors Walter Stansfield, superintendent of the public schools of San Antonio, Texas, and A. A. Thomas, principal of the Cornal Institute, San Marcos, will conduct the teachers' normal institute.
Many of the leading men of this and other states will have places on the programme.
All inquiries may be addressed to the secretary, Sterling Fisher, San Marcos, Texas.
The place is more susceptible to benefit from Hood's Sarsaparilla than at any other season. Therefore take it now.

Entitled to the Best.
All are entitled to the best that their money will buy, so every family should have at least a bottle of the best family remedy, Syrup of Figs, to cleanse the system, when cold or bilious. For sale at 25c and \$1.00 bottles by all leading druggists.

C. T. Bass, Druggist.

Personal.

Col. Herndon died to-day about 12 o'clock. Mr. W. S. Gray, sen., is again in town. Mr. Alex. Wood and brother were in town on yesterday.
Rev. D. A. Porter, Jerry Nance and other Kyliettes were here this week.
Mr. Ed. Olanion is one of the San Marcos delegates to Hot Springs.
Mrs. Oustad, of San Antonio neo Miss Lou Swank, was in town last week.
Mr. Eastman is putting up a new lunch parlor opposite the passenger depot.
Mrs. S. Dixon has returned from her visiting tour of several weeks out west.
Mr. Lawrence McBride has accepted a position in a banking house at Dallas.
We learn that another attorney has come to town in the person of Mr. Williams from Waco.
Mr. D. R. Breeding has the contract for building a nice two story residence for Mr. Talmage.
It was Charlie Lawson who is sick, not Jake, as the types had it last week. He is getting better.
Mr. J. E. Morris informs us that he has sold 52 of his own planters the present season.
We sympathize with Mr. C. O. Collins and wife in the loss of their little child, buried Sunday last.
Dan Hofmeier is making a handsome addition to his property occupied by Mr. Evans.
J. G. Vest, an agreeable young man, has opened up an office and warehouse for the purchase of hides.
Mr. Pierce, foreman of W. H. Nance's Marble yard, is turning out some very nice work in original designs.
Mrs. Bridges, wife of the editor of the Luling Signal, visited this place last week, the guest of Mrs. Galles.
Mrs. H. O. Gresham of Cleburne, is visiting her father and sister Rev. W. D. Beverly and Mrs. H. A. Loveless.
Mr. O. A. Brown is now operator at the telegraph office. Miss Nellie Tanset is in charge of the Southern Pacific.
Attorney-general Hogg and family paid a visit to our town, the head of the river etc., and professed great satisfaction with what they saw.
Our sprightly young friend John Denny, drives behind our car, the trotting horse section. He owns a good horse and isn't afraid to say so.

Mr. C. H. Rau and family left on yesterday for Kerrville, where they expect to make their home. They sold their little place in the mountains to Miss Mary Lindsay.
D. B. Bonner and J. M. Eddy, receivers of the L. & G. N. with friends came in by special Friday on their way to Laredo and stopped over to show their party the source of the beautiful San Marcos.
Mr. W. P. Blair, of the vicinity of Martindale, has a sick child at Mr. Borden's at this place, and has been spending some time here in consequence. We are glad to learn that it is improving.
Our energetic and jovial friend C. G. Mead, long and favorably known here in connection with the lumber business of Christian & Co., is going into the business on his "own hook." Success to him.
We have a note from our old friend W. S. Gullett, of Duval county. He says cattle are getting fat on the excellent range. He desires to sell his place here, which is naturally capable of being made a beautiful home.

The little girls of Mr. Dugger last week, found a ten dollar bill on the streets, and came to the Free Press office to have it advertised. A few days afterwards it was found to be the property of Mrs. C. A. Rowland, who was, of course, gratified to recover it.
We were pleased to meet one day last week Mrs. Andrews, of the Science Hall Institute. The present term will close with this month. We were pleased to learn that it is in a prosperous condition. Under the thorough management of the excellent principal it could scarcely be otherwise.
Dr. L. W. Cook informs us that the electric light is a live issue, reports to the contrary notwithstanding. Our business men are being waited upon and many have signified a willingness to patronize the institution liberally. It is proposed to light Chautauque Hill at a price that will save money to the management.

We had a pleasant call the first of the week from Mr. Z. L. Williams, of Dripping Springs. He informed us he had been removed to Blanco to assist his son in business. We deeply sympathize with him in the loss of his two grown daughters, the particulars of whose sickness and death he gave us.
Since the reference in our last to the plan of Mr. Sims of the proposed new public school house, we called at his room at Goodspeed's and inspected it. It shows good handwork and seems to us just about what is wanted. Our public school trustees and teachers would do well to call and examine it. Mr. Sims also showed us the plans and specifications for a private residence which did him credit as a skillful and painstaking architect. They showed us a good handwork and seems to us just about what is wanted. Our public school trustees and teachers would do well to call and examine it.
